## Spoken Tutorial 23 - 24

QIC of our institutions, in collaboration with IIT Bombay and Anna University, is conducting an online workshop that covers Free Online Software Sources (FOSS) such as Latex, Java, C/C++, Open foam, Scilab, PHP, Python, etc. This academic year, students underwent a workshop on different domain languages. Following the workshop, students are provided with study materials to help them in facing a 45-minute objective-type online test. Students cleared the online test and achieved an e-IIT Certificate from IIT Bombay. These workshops create awareness and interest among the students in learning the new software.

### 1. Events conducted:

The following events have been conducted during June 2023 at College Level

1. IEEE Event	Report
	<p>The members of the Institute of Electrical and Electronics Engineers Student Chapter (IEEE) from St. Joseph's College of Engineering was successful in conducting a technical event, GONNECT on behalf of the ECE department.</p> <p>The event was held on June 06th 2023, within the college premises exclusively for the IEEE members in IIIrd years. <b>Totally 45 students participated. There were around 15 teams, each team comprising of 3 members.</b></p> <p>The event GO-NNECT was held in three rounds. The prelims round had tasks with medium level of difficulty. The points for each round increased as the difficulty got harder and harder. Around 6 teams were qualified for the finale. The team that pressed the buzzer first were given priority to answer the question. Innovative, thought provoking and inquisitive questions from various topics on the core subjects were asked. The final round was a bit harder and all the participants cracked them enthusiastically. The fastest players who answered the question correctly were declared the winners by the judge.</p>
