1.	Students	100
2.	Teacher	30
3.	Alumni	15
4.	Employer	10
5.	Parents	30

Feedback Analysis of Stakeholders and Action Taken Report Report of the actions taken

S.NO	Stakeholder	Feedback	Action Taken
1.	Students	Extra-curricular activities can be arranged. Arrange course for new Technologies.	Club activities are conducted. Make every student to participate. Value added course on Data Science Basics
2.	Teacher	The analysis report of the teachers' feedback reveals that they are highly satisfied with the framework of the new autonomous curriculum.	Conducted meetings to fine-tune the syllabus to hope up industrial needs.

		Faculty development programs by industries will be useful to fill the gap between Learning and Practical works.	NITTTR Chandigarh FDPs are organized and attended by our staff members such as Machine Learning and Predictive Analysis using Python and Accreditation Criteria and Process
3.	Alumni	Need to improve tools/ software Learning such as DevOPs, FullStack Development, Java, NodeJS	FDP on Open Source Cyber Security Tools – Guest Lecturer on Cyber Security is arranged. FDP on Machine Learning and Predictive Analysis using Python.
4.	Employer	Students should aware of technologies like Block chain and Cyber Security Alumni Interaction can be made more	FDP on Open Source Cyber Security Tools – Guest Lecturer on Cyber Security is arranged. Alumni Committee have formed and arranging interactive sessions are conducted. Alumni Talk Series conducted for three weeks.
5.	Parents	They have to be familiar with upcoming technologies and ready to face interview.	Arranged various Guest lecturer's, VAC and allowing students to participate in competitions such as hackathons, Toyathons, etc.,

Students Feedback

The college has obtained feedback on curriculum from students through questionnaire which contains the following major aspects such as Course content & Organization, Interactive participation, Learning environment & teaching methods, Learning resource and Quality of delivery and assessment. Totally 15 students gave their feedback on curriculum for the academic year 2022 - 23. 90% of the students population agreed that the allocation of course content is appropriate in relation to the level of course content is very much appropriate to the programme. Majority of the students strongly agreed that the interactions by teachers with students are more feasible and reliable. Around 85% of the students agreed that they are equipped with necessary teaching methods required for their programme. It is observed that 90% of the students agreed that the provision for learning resource in library was adequate and appropriate with their respective field of specialization areas. The feedback revealed that 90% of them are strongly agreed about the quality of delivery and the internal assessment for the specified programme. Some students are suggested that it would be helpful if the certification course with hands on training can be included as a part of the curriculum.

Feedback analysis report

- From the analysis of the students' feedback it is revealed that they are satisfied with the curriculum framed.
- It is reported by the students that the teaching methods are more feasible.
- The Technical skills to face the industry need to be increase.

TEACHERS FEEDBACK ON CURRICULUM

The College has made it a practice to conduct all faculty meeting, once in the starting of the semester, where the ways and means of enhancing the curriculum, academic discipline, Teaching Learning process and Research and Extension activities are discussed. During such meetings, the individual faculty members express their honest opinion on the curriculum; research and extension activities and the same would be debated and discussed. The appropriate suggestions are put forward to the respective councils for implementations. The faculty members get representations in the Board of Studies, Department Advisory Committee and Academic Council, where the staff members are getting ample opportunities to give feedback, on both curriculum and teaching learning process. Based on the feedback obtained, various industrial visits, guest lectures, value added courses and students workshops are organized to fill the gap in the curriculum.

Feedback analysis report:

- The analysis report of the teachers' feedback reveals that they are highly satisfied with the framework of the curriculum.
- The suggestions given by them related to specific subjects were noted for further action.
- Faculty development programs by industries will be useful to fill the gap between Learning and Practical works.
