FEEDBACK ANALYSIS OF STAKEHOLDERS AND ACTION TAKEN REPORT (2020-2021)

Feedback was requested from the following stakeholders

S.No	Stakeholder	Count
1.	Students	60
2.	Teacher	34
3.	Alumni	150
4.	Employer	10
5.	Parents	40

Feedback Analysis of Stakeholders and Action Taken Report

S.No.	Stakeholder	Feedback	Action Taken
1.	Students	Need more online laboratory sessions to have more clear understanding of the various experiments.	Online lab sessions using software like TinkerCad were employed by the faculty during the online lab sessions for the conduction of labs to the students in virtual mode.
2.	Teacher	Students should be encouraged to prefer electives that are relevant to the specialization streams and to the technological advancements.	Syllabus and significance of each elective is explained to the students and motivated to prefer electives based on current technological advancements.
3.	Alumni	Core company placement need to be arranged. Alumni members must be invited to conduct guest lectures on current industry trends and higher education opportunities in abroad.	Core Companies like VVDN and Robert-Bosch with higher salary package were invited for the placement drive. The Department had invited elite alumni to conduct online webinars thereby enlightening the students on career building and higher education opportunities in foreign countries.
4.	Employer	Students should update themselves on the current trends in the industry.	Online webinars were arranged and eminent persons from industries were invited to give Lectures to enhance the student's exposure on current and emerging-trends in the industry.
5.	Parents	Extra-curricular activities of the student should be encouraged. Measure can be taken to make students aware of competitive exams	Students have been motivated to participate in the national level project contests and they bagged prizes in the same. Online webinars were conducted to give awareness about Business Schools for MBA Program and GATE examinations.

COURSE EVALUATION –FEEDBACK 2020-21

Students' Feedback

The college has obtained feedback on curriculum from students through questionnaire which contains the following major aspects such as Course content & Organisation, Interactive participation, Learning environment & teaching methods, Learning resource and Quality of delivery and assessment. Totally 100 students gave their feedback on curriculum for the academic year 2020-2021. 57% of the students population agreed that the allocation of course content is appropriate in relation to the level of course content is very much appropriate to the programme. Majority of the students strongly agreed that the interaction by teachers with students are more feasible and reliable. Around 57% of the students agreed that they are equipped with necessary teaching methods required for their programme. It is observed that 60% of the students agreed that the provision for learning resource in library was adequate and appropriate with their respective field of specialization areas. The feedback revealed that 57% of them are strongly agreed about the quality of delivery and the internal assessment for the specified programme. Some students are suggested that it would be helpful if the certification course with hands on training can be included as a part of the curriculum.

Feedback analysis report

From the analysis of the students' feedback it is revealed that they are satisfied with the curriculum framed.

It is reported by the students that the teaching methods are more feasible.

CHART ANALYSIS 2020-21

TEACHERS FEEDBACK ON CURRICULUM

- The library has sufficient number of prescribed books for all courses and for all electives for that matter.
- The examination report of the educators' criticism uncovers that they are exceedingly happy with the structure of the educational modules.
- The proposals given by them identified with explicit subjects were noted for further activity.

The College has made it a practice to conduct all faculty meeting, once in the starting and end of every semester, where the ways and means of enhancing the curriculum, academic discipline, Teaching Learning process and Research and Extension activities are discussed. During such meetings, the individual faculty members express their honest opinion on the curriculum, research and extension activities and the same would be debated and discussed. The appropriate suggestions are put forward to the respective councils for implementations. The faculty members get representations in the Board of Studies, Department Advisory Committee and Academic Council, where the staff members are getting ample opportunities to give feedback, on both curriculum and teaching learning process. Based on the feedback obtained, various industrial visits, guest lectures, value added courses, bridge courses and students workshops are organised to fill the gap in the curriculum.

Feedback analysis report:

- The analysis report of the teachers' feedback reveals that they are highly satisfied with the framework of the curriculum.
- The suggestions given by them related to specific subjects were noted for further action.
