**FEEDBACK ANALYSIS OF STAKE HOLDERS AND
ACTION TAKEN REPORT (2019-2020 - ODD)**

Feedback was requested from the following Stakeholders

S.NO	STAKE HOLDER	COUNT
1	STUDENTS	110
2	TEACHER	30
3	PARENTS	15

Feedback analysis of stakeholders and action taken report

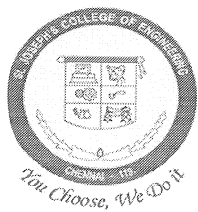

S.NO	Stakeholder	Feedback	Actions Taken
1.	Student	Technical skills should be improved Need more project based approach.	Guest Lectures were arranged to develop technical skills. Students were allowed to participate in various competitions related to modelling and other projects enabling them to have a better exposure.
2.	Teacher	Student enrolment in online courses should be encouraged. Awareness about central and state government jobs should be given	Students were encouraged to take at least one NPTEL course during their first and second semesters. Civil Services training and awareness programme is conducted.
3.	Parents	Parents are worried about the 2017 regulations. Students have to be trained in programming language which in turn would help them in securing placement	The parents were informed about the regulations and the ways to overcome the difficulties in clearing the papers. Students weak in programming skills are identified and intensive coaching classes are arranged for them.

Students' Feedback

The college has obtained feedback on curriculum from students through questionnaire which contains the following major aspects such as Course content & Organization, Interactive participation, Learning environment & teaching methods, Learning resource and Quality of delivery and assessment. Totally 110 students gave their feedback on curriculum for the academic year 2019-2020. 75% of the student's population agreed that the allocation of course content is appropriate in relation to the level of course content is very much appropriate to the programme. Majority of the students strongly agreed that the interaction by teachers with students is more feasible and reliable. Around 82% of the students agreed that they are equipped with necessary teaching methods required for their programme. It is observed that 77% of the students agreed that the provision for learning resource in library was adequate and appropriate with their respective field of specialization areas. The feedback revealed that 73% of them are strongly agreed about the quality of delivery and the internal assessment for the specified programme. Some students are suggested that it would be helpful if the certification course with hands on training can be included as a part of the curriculum.

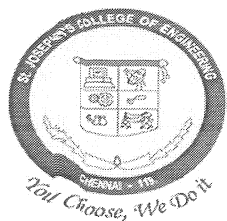

Feedback analysis report

- From the analysis of the students' feedback it is revealed that they are satisfied with the curriculum framed.
- It is reported by the students that the teaching methods are more feasible.
- It is reported that the technical skills of the students should be improved.
- From the analysis of the feedback it is revealed that the students are for a more project-based curriculum.

TEACHERS FEEDBACK ON CURRICULUM

- The examination report of the educators' criticism uncovers that they are exceedingly happy with the structure of the educational modules.
- The proposals given by them identified with explicit subjects were noted for further activity.

The College has made it a practice to conduct all faculty meeting, once in the starting of the semester, where the ways and means of enhancing the curriculum, academic discipline, Teaching Learning process and Research and Extension activities are discussed. During such meetings, the individual faculty members express their honest opinion on the curriculum; research and extension activities and the same would be debated and discussed. The appropriate suggestions are put forward to the respective councils for implementations. The faculty members get representations in the Board of Studies, Department Advisory Committee and Academic Council, where the staff members are getting ample opportunities to give feedback, on both curriculum and teaching learning process. Based on the feedback obtained, various industrial visits, guest lectures, value added courses and students workshops are organized to fill the gap in the curriculum.

Feedback analysis report:

- The teachers' feedback reveals that they are highly satisfied with the framework of the curriculum.
- The recommendations of the teachers related to the specific subjects were noted for further action.
- Training programs should be conducted for the students in emerging areas.
