**FEEDBACK ANALYSIS OF STAKE HOLDERS AND
ACTION TAKEN REPORT (2018-19)**

Feedback was requested from the following Stakeholders

S.NO	STAKE HOLDER	COUNT
1	STUDENTS	243
2	TEACHER	44
3	PARENTS	30

Feedback analysis of stakeholders and action taken report

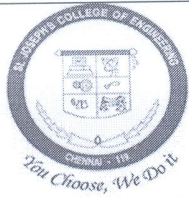

S.NO	Stakeholder	Feedback	Actions Taken
1.	Student	More number of interactive sessions can be encouraged at the time of content delivery	Real time applications and relevance of the topics are discussed.
2.	Teacher	Internship must be encouraged Students should be empowered in both theory and applications.	Students are advised to take up internship programs during vacations. Students are motivated to attend conferences and workshops to gain knowledge.
3.	Parents	Need training in Personality development and communication skills More number of training to enhance the employability skills of the students can be given.	The students weak in communication skills are identified and special Communication Skills Development programs are conducted for them. To ensure employability of the students in each semester several value added technical courses and communication enhancement training programs are planned.

Student's Feedback

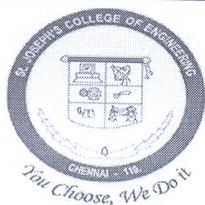

The college has obtained feedback on curriculum from students through questionnaire which contains the following major aspects such as Course content & Organization, Interactive participation, Learning environment & teaching methods, Learning resource and Quality of delivery and assessment. Totally 243 students gave their feedback on curriculum for the academic year 2018-19. 75% of the students population agreed that the allocation of course content is appropriate in relation to the level of course content is very much appropriate to the programme. Majority of the students strongly agreed that the interaction by teachers with students is more feasible and reliable. Around 79% of the students agreed that they are equipped with necessary teaching methods required for their programme. It is observed that 76% of the students agreed that the provision for learning resource in library was adequate and appropriate with their respective field of specialization areas. The feedback revealed that 78% of them are strongly agreed about the quality of delivery and the internal assessment for the specified programme. Some students are suggested that it would be helpful if the certification course with hands on training can be included as a part of the curriculum.

Feedback analysis report

- From the analysis of the student's feedback it is revealed that they are satisfied with the curriculum framed.
- It is reported by the students that the teaching methods are more feasible.

TEACHERS FEEDBACK ON CURRICULUM

- The examination report of the educator's criticism uncovers that they are exceedingly happy with the structure of the educational modules.
- The proposals given by them identified with explicit subjects were noted for further activity.

The College has made it a practice to conduct all faculty meeting, once in the starting of the semester, where the ways and means of enhancing the curriculum, academic discipline, Teaching Learning process and Research and Extension activities are discussed. During such meetings, the individual faculty members express their honest opinion on the curriculum; research and extension activities and the same would be debated and discussed. The appropriate suggestions are put forward to the respective councils for implementations. The faculty members get representations in the Board of Studies, Department Advisory Committee and Academic Council, where the staff members are getting ample opportunities to give feedback, on both curriculum and teaching learning process. Based on the feedback obtained, various industrial visits, guest lectures, value added courses and students workshops are organized to fill the gap in the curriculum.

Feedback analysis report:

- The teacher's feedback reveals that they are highly satisfied with the framework of the curriculum.
- The recommendations of the teachers related to the specific subjects were noted for further action.
- Training programs should be conducted for the students in emerging areas.
- Enrollment in various online courses should be encouraged.
