Student's Feedback .

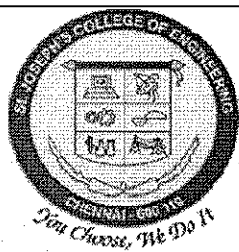

The college has obtained feedback on curriculum from students through questionnaire which contains the following major aspects such as Course content & Organization, Interactive participation, learning environment & teaching methods, Learning resource and Quality of delivery and assessment. Totally 254 students gave their feedback on curriculum for the academic year 2021-2022. 85% of the student's population agreed that the allocation of course content is appropriate in relation to the level of course content is very much appropriate to the programme. Majority of the students strongly agreed that the interaction by teachers with students are more feasible and reliable. Around 87% of the students agreed that they are equipped with necessary teaching methods required for their programme. It is observed that 82% of the students agreed that the provision for learning resource in library was adequate and appropriate with their respective field of specialization areas. The feedback revealed that 83% of them are strongly agreed about the quality of delivery and the internal assessment for the specified programme. Some students are suggested that it would be helpful if the certification course with hands on training can be included as a part of the curriculum.

Feedback analysis report

- From the analysis of the students' feedback, it is clear and very much evident that the Curriculum is designed in such way to meet their educational needs and student centered.
- The e books links can be provided to students along with access to learning centers with open access all over the nation and even worldwide.

TEACHER'S FEEDBACK ON CURRICULUM - ANALYSIS

TEACHERS FEEDBACK ON CURRICULUM

The College has made it a practice to conduct all faculty meeting, once in the starting of the semester, where the ways and means of enhancing the curriculum, academic discipline, Teaching Learning process and Research and Extension activities are discussed. During such meetings, the individual faculty members express their honest opinion on the curriculum; research and extension activities and the same would be debated and discussed. The appropriate suggestions are put forward to the respective councils for implementations. The faculty members get representations in the Board of Studies, Department Advisory Committee and Academic Council, where the staff members are getting ample opportunities to give feedback, on both curriculum and teaching learning process.

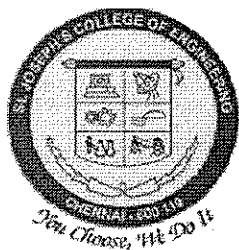

Based on the feedback obtained, various industrial visits, guest lectures, value added courses and student's workshops are organized to fill the gap in the curriculum.

Feedback analysis report:

- The analysis report of the teachers' feedback reveals that the framework of the curriculum meets the demands and requirements required for Career Development and Sustainable Growth.
- Additional courses may be included into regular curriculum to update the students to meet any challenge pertaining to enriching skills and etiquette of the Corporate world.
- Guest Lectures, Mini projects, Coding Competitions, Hackathons should be encouraged to bridge the gap in the curriculum.

ACADEMIC YEAR 2020-2021

Feedback

- The Curriculum framed really meets the industrial standards and norms prescribed by the Competent Authority. More Skill based courses can be included as value addition to strengthen the Curriculum further.
- The appreciable methods of communicating the progress of the wards and attendance can be followed. The mentoring of students and moulding them as disciplined were appreciated.
- Behavioral, Cognitive and Organizational skills of the student's can be further improved. They can be trained to acquire skills and be self-reliant. Various measures taken to instill confidence was also appreciated.
